# Cs4 Saddlebags

with "Cs4 standard quick release " mounting system

Harley - Honda - Kawasaki - Suzuki - Triumph - Yamaha

Cs4 standard quick release system

Strong—Discrete— Reliable

- Cs4 Saddlebags are made detachable by means of a lockable & discrete quick release system;
- As this click system is not mounted and there are no pre-drilled holes, you can customize the position of the bags on your bike;
- As Cs4 saddlebags and the standard quick release can be purchased separately, you can choose other Cs4 saddlebags than those in the standard saddlebag sets;
- Most of the Cs4 saddlebags have traditional rust free buckles, combined with hidden quick-release buckles;

To mount the quick release system, 4 holes in the back of the bags have to be drilled.

# Cs4 Saddlebags

## with "Easy Bracket " mounting system

The Easy Bracket Saddlebag Bolt-on Support Systems allows you to attach your motorcycle saddlebags safely and securely. When installed, simply unlock and lift the saddlebags off your motorcycle. The seamless design leaves no ugly hardware behind.

- ⇒ Replace your normal fender rail bolts with our special Easy Bracket docking posts. (All Necessary Hardware Provided)
- ⇒ Secure the Easy Bracket mounting plate to the back of your saddlebag. (All Necessary Hardware Provided)
- ⇒ Place the saddlebags/mounting plate system onto the docking posts. An easy keyed locking mechanism makes sure that the saddlebags are secure to your motorcycle yet leave only small docking posts when the bags are removed.

Bike specific mounting systems for  
Harley Davidson, Honda, Kawasaki,  
Suzuki, Triumph, Victory & Yamaha

Because we make our Easy Brackets specifically for your motorcycle model, you will receive all of the correct hardware with your order.

The docking posts and bolts are especially designed to work perfectly with your motorcycle, eliminating the hassles of adding spacing washers to either line up the docking posts or to achieve a good, tight fit.

# Cs4 Saddlebags

## with "Click & Lock" mounting system

Harley - Honda - Kawasaki - Suzuki - Triumph - Yamaha

*Cs4 saddlebags are sold either as a complete set per type of motorcycle or separately (bags with click system included and holders)*

A Cs4 saddlebag set contains :

- 1 pair of saddlebags with rigid backside;
- 1 set of lockable clicksystems + 2 keys;
- 1 set of Click & Lock saddlebag holders;

*As the click system is not mounted, the position of the bags on the bike can be **customized** in function of wipers, exhausts etc*

- Cs4 Saddlebags are made detachable by means of a lockable click system;
- As this click system is not mounted and there are no pre-drilled holes, you can customize the position of the bags on your bike;
- As Cs4 saddlebags and saddlebag holders can be purchased separately, you can choose other Cs4 saddlebags than those in the standard saddlebag sets;
- Most of the Cs4 saddlebags have traditional rust free buckles, combined with hidden quick-release buckles;

*As you can mount the clicksystem on the bags yourself, you can choose the position of the bags on your bike.*

*To mount the clicksystem, 3 holes of 0,5 mm and 1 hole of 20mm has to be drilled.  
Sets of drills are optionally available.*
